Objective

Recent BCA graduate with a strong foundation in programming (Java, Python, C++) , web development (HTML, CSS, JavaScript) . Seeking an entry-level role in software development, IT support, or web development to apply my technical skills and contribute to innovative projects. Eager to learn, grow, and adapt in a dynamic IT environment while delivering value to the organization.

Education

- **Government arts and science college Perambalur Bharathidasan university**   2022-2025
  Bachelor of computer Applications

Skills

- Google cloud computing ptalfrom
- Html, css, javascript
- Ms word , Ms powerpoint

Projects

- **Fully interactive and responsive college website**
  A college community, creating a centralized platform that integrates academic management, communication, and resource sharing. The application is designed to cater to students, faculty, and administrative staff, offering seamless user experience with distinct functionalities for each user group. This initiative focuses on streamlining everyday tasks such as student registration, attendance tracking, timetable management, Assignment submissions, event updates, and notifications.
- **Calculator**
  This project is a basic web-based calculator built using HTML, CSS, and JavaScript. It allows users to perform standard arithmetic operations such as addition, subtraction, multiplication, and division. The interface is user-friendly and styled with CSS to ensure a clean and responsive layout. JavaScript handles the core calculation logic, making the calculator fully functional within a browser without any backend dependencies. Ideal for beginners learning front-end web development concepts.

- **Login**
  This project is a user authentication system developed using HTML, CSS, and JavaScript for the front end, and Node.js with MongoDB for the back end. It allows users to register, log in, and securely manage sessions using encrypted passwords. The system is designed to handle user data efficiently with proper form validation and error handling.

Languages

- English
- Tamil
